Re: General Notice of Potential Liability and  
Request for Information  
Sauget Area 2, Suite Q (formerly known as the Sauget &  
Company Landfill), Sauget, Illinois

Dear Ms. Ropski:

As one of the former officers of Sauget & Company, Inc., ("Sauget & Co."), I am writing to respond to the above-referenced General Notice of Potential Liability and Request for Information, dated December 16, 1994, regarding the property denoted as Sauget Area 2, Site Q. The United States Environmental Protection Agency, Region 5 ("U.S. EPA") granted Sauget & Co. an extension of time to respond to the General Notice until January 4, 1994 (see December 22, 1994 letter to C. Graszer Ropski from M. Cyze).

According to the records of the Illinois Secretary of State, Sauget & Co. was dissolved on November 15, 1973, and I know of no remaining assets of the dissolved company. Accordingly, Sauget & Co. does not have the means to perform or to finance the response activities described in the General Notice letter concerning Site Q.

The General Notice letter also requested that Sauget & Co. indicate the appropriate name, address and telephone number for further contact purposes. Given the dissolution of Sauget & Co., there is no company representative who can act as the contact person. The U.S. EPA can send further communications to Richard J. Kissel of Gardner, Carton & Douglas, 321 North Clark Street, Chicago, Illinois, 60610, and we will attempt to be of assistance as reasonably possible under the circumstances. You can contact Mr. Kissel by telephone at (312) 245-8721.

If you have any questions or wish to discuss this response, please contact Mr. Kissel.

Very truly yours,

*Paul Sauget*  
MBL
